TSX-V: RRS

## **Rogue Resources Appoints Angela Yap CFO**

**VANCOUVER, B.C. – Rogue Resources Inc. (TSX-V: RRS)** (“Rogue” or the “Company”) is pleased to announce the appointment of Ms. Angela Yap, CA as Chief Financial Officer (“CFO”) of the Company. Ms. Yap will replace Gordana Scekic, CGA, who has resigned in efforts to reduce her current accounting workload.

Angela Yap is an experienced CA with seventeen years in taxation and general public accounting and is an instructor at the British Columbia Institute of Technology in Financial Management. She has previously held CFO positions in a number of exploration and mining companies, and served as a Director of Corporate Accounting, senior tax accountant and tax specialist with KPMG Chartered Accountants LLP.

---

John de Jong, CEO, stated

“I am pleased to announce the appointment of Angela Yap to the CFO role. She has a proven record of sound leadership and financial expertise demonstrated by her work as CFO for other mining companies, her in depth knowledge of matters relating to taxation, and her ongoing work as an instructor at the British Columbia Institute of Technology in Financial Management.

I also take this opportunity to thank Gordana Scekic for her significant contributions”

---

### **About Rogue Resources Inc**

Rogue is unique in that its portfolio of properties includes a nickel deposit at Langmuir located approximately 40 km south of Timmins, Ontario, an iron ore deposit at Radio Hill situated 70 km west of Timmins, and its silica rich Lac de la Grosse Femelle property located east of Québec City, Québec.

With its diverse portfolio of properties, all in good standing, the Company has the ability to focus its efforts and finances on the project that demonstrates the greatest market potential for return. The recent investment of \$382 M by the Québec provincial government in Grupo FerroAtlantica, one of the world's largest silicon metal producers, to build a silicon metal plant located near our silica property is a great foundational point to launch this silica rich quartzite property.

The Femelle Project is located approximately 42 km north of Baie-Saint Paul, situated on the St. Lawrence River, and is 4 km northeast of the Mine Sitec silica mine, in operation for over fifty years. Access to the project is via a paved highway and well maintained forestry access roads.

### ***On Behalf of Rogue Resources Inc.***
